AMC 11 East SD Feeds Transitioning to HD - 2018-2019

NOTE: If you're receiving this email, we still need to either send you a receiver or your new receiver needs to be authorized on the new location.

Dear Affiliate:

We want to remind you of the transition of the East SD feeds of the below networks to an HD – SD down-conversion model.

Effective May 1, 2019, the East SD feeds listed below will only be available via down-conversion. Accordingly, beginning as of May 1, 2019, each of your company's systems distributing any of these East SD feeds should downconvert the HD signal of each feed to SD for distribution to your subscribers.

East SD Network	Current Location	New Location
	AMC 11, Tp 22	SES 11, Tp 11
	AMC 11, Tp 22	Galaxy 13, Tp 14
	AMC 11, Tp 22	SES 11, Tp 11
	AMC 11, Tp 22	SES 11, Tp 11
	AMC 11, Tp 22	SES 11, Tp 11
	AMC 11, Tp 22	SES 11, Tp 11
	AMC 11, Tp 22	Galaxy 13, Tp 14
	AMC 11, Tp 22	SES 11, Tp 11
